About The Car Company

We always knew there had to be a better way to buy used cars. One that would make the process easy and fun. So we created The Car Company, and we've been changing the way America buys cars since we opened our first store in 1998.

- Offer tens of thousands of used cars across the country
- Sell every car with a low, no-haggle price
- Provide only vehicles of superior quality that meet our high standards
- Buy cars from customers, whether they buy from us or not
- Deliver friendly, one-of-a-kind customer service
- Through hard work and dedication, we've grown from that one store to more than 100 stores across the country. We've sold more than 5 million cars. We've appraised more than 20 million.

The Car Company was built on the fundamental principle of integrity, reflected in the way we serve our customers, treat each other, and deliver our products.
